Canvas & box framing

INTRODUCING THE UNIQUE **COASTAL WOODS** RANGE

Combine & create

The flexibility of profiles in the Coastal Woods range allows you to create the frame that best enhances your picture or display. With 5 timeless finishes you can have complete synergy or choose to stack different elements and colourways to create a frame that's unique to you.

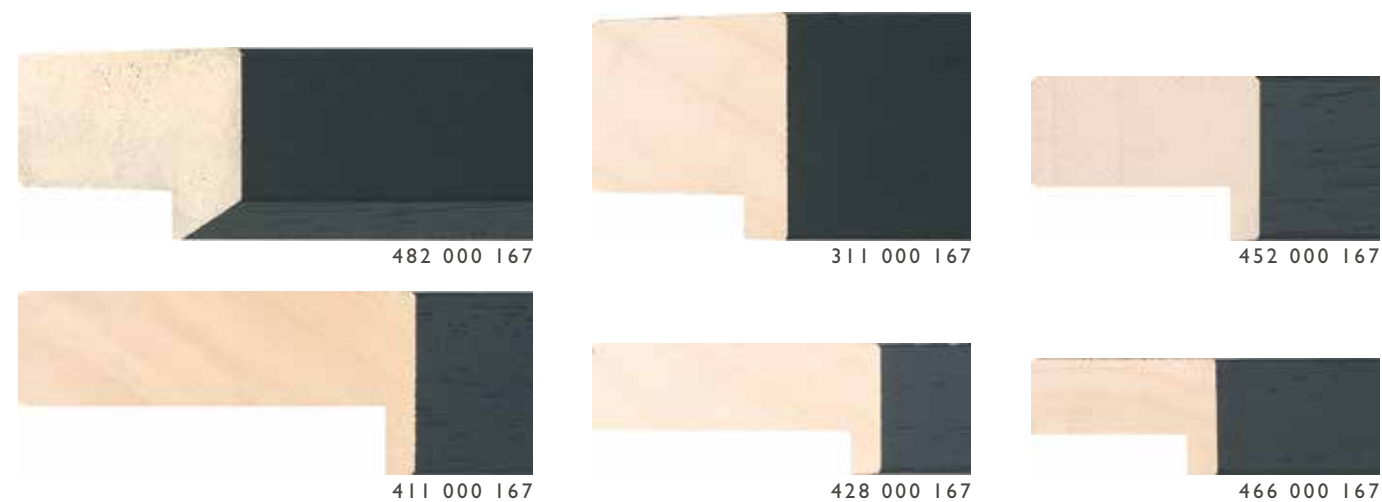

Step 1. Choose your Finish

With a stained finished and exposed wood grain the Coastal Woods range is available in black, white, ivory, wenge and natural barefaced obeche. The last six digits of the ref. no. denote the colour.

Step 2. Choose your Profile Style A

The Coastal Woods range has a profile styling to compliment your canvas and features deep rebates. The first three digits of the ref. no. denote the profile.

All these options are available in black, white, ivory and wenge colours.

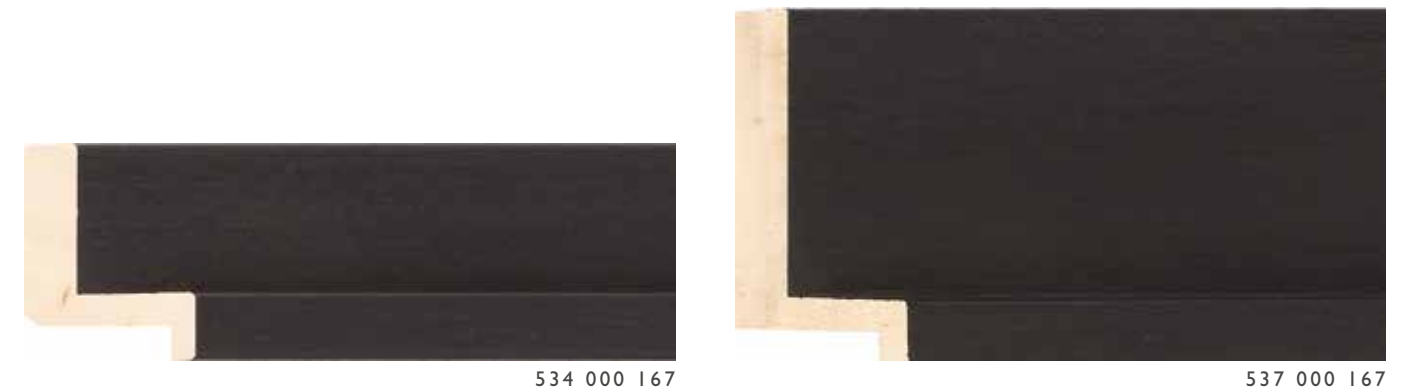

Step 3. Choose your Spacers B

Combine spacers with matching deep rebated mouldings to create a box frame.

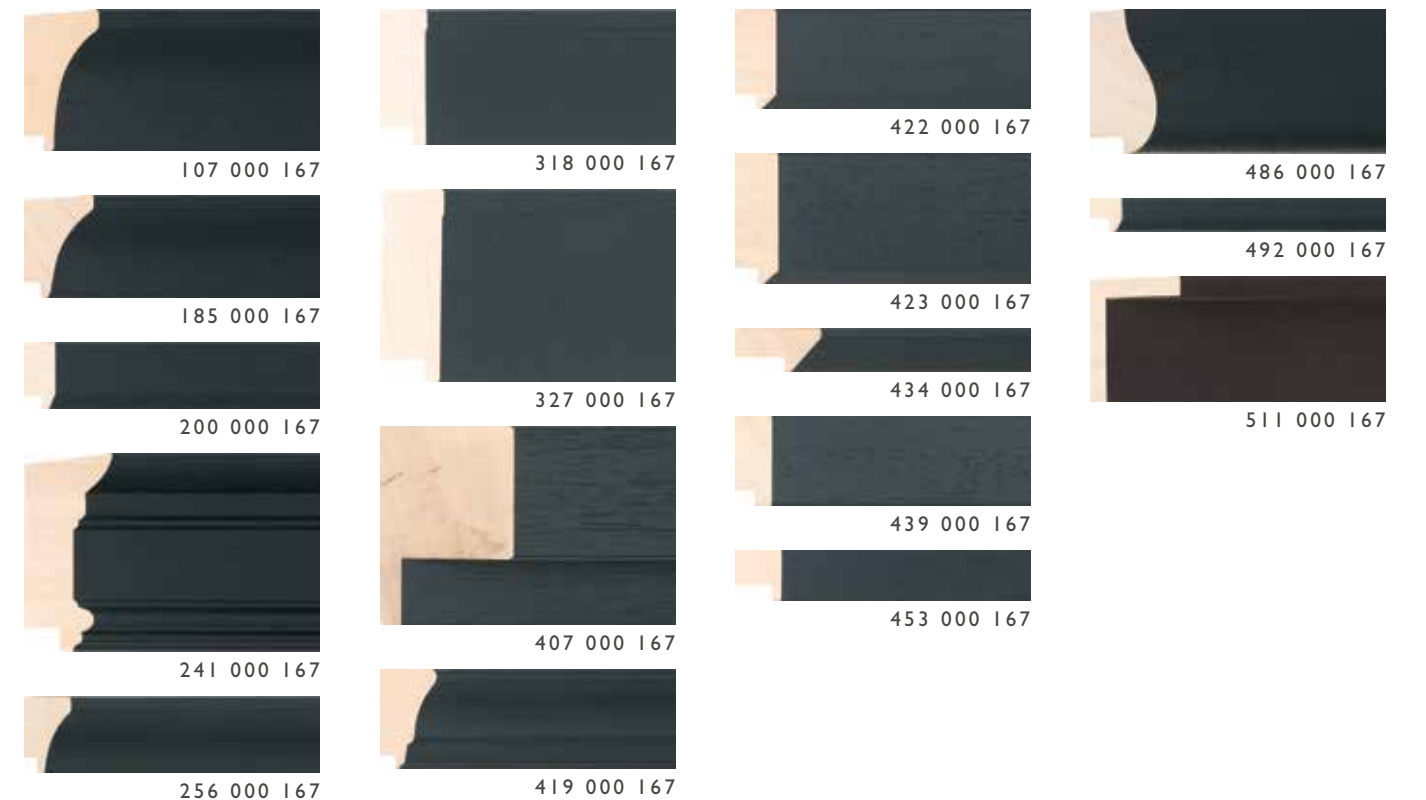

Step 4. Choose your Offset Moulding C

Available in 32mm or 53mm widths, deep rebate or small float options. Can be used as a stand-alone or stacked for a wide choice of looks. Both sizes available in black, white, ivory, wenge and natural obeche colours.

Other profiles available in the Coastal Woods range which can be used as stand alone or stacked mouldings include:

All are available in black, white, ivory and wenge colours.

Framing flexibility

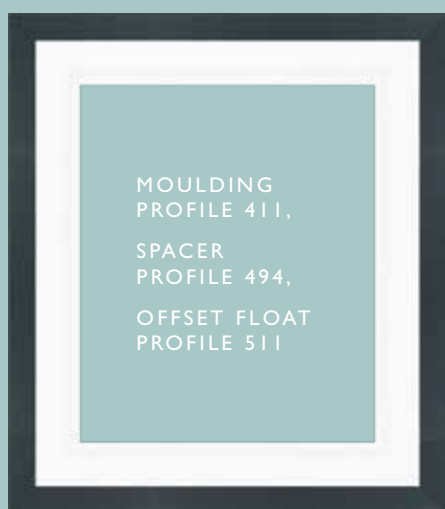

Choose your combination of profile moulding, spacer and offset moulding to create a unique frame that best enhances your canvas or display.
